**Scripture Used:** Judges chapters 13-16

## Small Group Questions

1. Much like Manoah, we struggle sometimes helping our children understand what is right for them in the eyes of God. What practical lessons have you learned that you could share with others to give insight into what has worked well in this area – or possibly, what has not?
2. How can we be encouraged and learn from Samson's story as parents to continue to improve and grow as parents with our own children?
3. Why did God keep blessing Samson with strength even though he was disobedient?
4. How is your spiritual strength? Do you have spiritual anorexia or are you filling yourself with God's Word? Where are you lacking in your spiritual growth?
5. Do you have a Delilah in your life – someone or something that continues to “taunt” you to do something that you know is outside of God’s will for your life?
